Mon., Thurs., Collection To Start July 8

Starting next week and continuing through August, town garbage collection will be made twice each week. Collection days will be Monday and Thursday. Thus next week's collections will be July 8 and 11.

It has been a practice for the town to collect garbage twice each week during the summer months, and at the last meeting of Town Council it was voted to continue the custom. The cooperation of all residents is urged.

LOCAL MAJORETTE

Williamsburg.- A band student from Appomattox participated in opening night ceremonies for "The Common Glory," last week at Williamsburg. Participating was ten-year-old Lina Trent, daughter of Mr. and Mrs. T. M. Trent. Miss Trent was the youngest majorette invited to the band school.

The students, enrolled in the Summer Band School of the College of William and Mary, gave a half-hour concert with the 200-member musical gorup before the start of the outdoor drama. Honorary guests for the evening included 25 governors from U. S. States and Territories, their families and officials parties. Governor Thomas B. Stanley headed the group, who were in Williamsburg for the 49th Annual Governors' Conference.

Hebron Community 4-H Club

The Hebron Community. 4 - H Club met Monday, June 22, at the home of Gene Carson. Demonstrations on outdoor lighting and planting grass given by Gene and Laura Carson, and Tom Harrison and Wayne Phelps, nic, which will be held very soon. Mr. Smith gave instructions on the many kinds of shrubbery. After the meeting there was a recreation period and delicious refreshments were served.

Finishes at Parris Island

Parris Island, S. C. Leonard A. McCormick, son of Mr. and Mrs. Lewis S. McCormick, of Route 4, Appomattox, Virginia, is scheduled to complete recruit training at the Marine Corps Recruit Depot, Parris Island, S. C.

This recruit training prepares young Marines for further specialized training at Camp Lepeune, N. C.

T. M. TRENT IN GROUP AT POULTRY HEARING

Thelbert M. Trent, Appomattox poultryman, was one of eight Virginians in Washington Monday to urge Virginia Congressmen to support legislation providing for compulsory inspection for interstate poultry shipments. A similar bill has passed the Senate, and calls for voluntary inspection for intrastate shipments.

Swimming

Starting next week a list of boys and girls passing their swimming lessions will be published in this newspaper.

Underwater broadcasting has been developed by the Naval Ordance Laboratory, Silver Spring, Md., to tell what happens inside a mine before it blows up an enemy ship. The mine automatically transmits the data to a monitor radio nearby.

The 4-H side of Holliday Lake will be the scene this week-end of one of the top events of the year here when up to 700 amateur radio enthusiasts gather for the second meeting of the "Graveyard Net," supplemented by a meeting of the Virginia Telephone Net.

Joe Fieniken, Transco official, is master of ceremonies, for the picnic gathering, and is very happy over prospects for a delightful occasion.

Rad "hams" began arriving in Appomattox late yesterday, and others came in today. Reservations call for 174 to spend Saturday night in and around Appomattox. All available accomodations have been lined up to take care of the persons who have advance reservations. Of the 174, at least 75 will spend Saturday night in Appmattox, and reservations for the others have been arranged in such tourists localities as Sprouse's Corner and Lynchburg.

Reservations indicate that 500 or more in addition to the above will be at the Lake for the big meeting Sunday. They have notified Fleniken that they will be spending Saturday all the way from Roanoke to Crewe and arrive here early Sunday. Many will be guided in by mobile radio, as was the case last year at the first meeting of the Graveyard Net. Last year, 295 persons attended the Holliday Lake meeting.

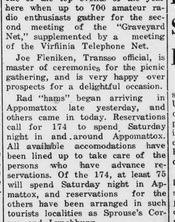
The Graveyard Net is an organization of amateur radio operators who use the airwaves in the very early morning hours. Fleniken and about a dozen other local operators are leaders in the group.

One reservation has come in from Canada, and others include 15 states other than Virginia.

Features of the program for Sunday will be a picnic dinner, and the awarding of a large list of trophies. Events will be arranged for ladies, while the ham operators engage in grabfests and a swap of equipment. A valuable prize list has been assembled.

This event has given wide and favorable publicity to Appomattox, and it is hoped that it will be an annual attraction here.

Lions Elect International President



Edward G. Barry of Little Rock, Arkansas has been elected International President of Lions International at the association's 40th Annual Convention in San Francisco, California. Lions International, with 564,300 members in 82 countries or regions, is the world's largest service club organization.

Highway Dept. Says Rerouting Here Pays Off

Traffic channelization and new signing at the busy intersection of US Route 460 and Route 24 west of Appomattox have been accompanied by a 44 per cent reduction in traffic accidents and a 100 per cent cut in fatalities, the State Highway Department reported today.

A report just completed by the Department's accident study section showed that during the 22 months prior to the traffic engineering changes, nine accidents were reported. One person was killed and three were injured. Since the changes which were completed in May, 1955, under the direction of District Engineer J. H. Phillips, of Lynchburg, only five accidents have been reported.

J. P. Mills, Jr., traffic and planning engineer for the Department, said that although there was no decrease in the number of people injured in the "after" study period, there were 38 per cent fewer accidents involving property damage. He noted also that during the period of the study, average daily traffic increased almost 18 per cent.

Investigations made in 1954 by the Highway Department and the State Police showed the necessity of eliminating the Y-shaped intersection of the two heavily traveled routes, Mills said. This was done by directing westbound traffic on Route 460 onto old Route 26, which intersects Route 460 from the north at a right angle. That portion of Route 460 between Routes 24 and 26 is now one-way for eastbound traffic.

Improvements included installation of oversize guide and destination signs and widening a short section of pavement on the old road. The total cost of the improvements was $1,430.

Local Student Cadet

Fort George G. Meade, Md.- A total of 1,696 student cadets representing 38 colleges and universities arrived here last week, opening the U. S. Second Army Reserve Officers Training Corps summer encampment.

Among the students welcomed were Edward E. Agee and Edward J. Giles, both attending Virginia Polytechnic Institute.

At ROTC summer camp the cadets will act as platoon leaders, company and battalion commanders, issuing orders and supervising other cadets. Two weeks of their training will be spent under field conditions at the A. P. Hill Military Reservation, Virginia.

TANDY HARRIS REUNION

The relatives and friends of the Tandy Harris family will hold their reunion at Bear Loap Hunt Club near Clifton Forge on Sunday, July 7.

Town Cop Resignation Effective July 8

We are informed that John P. Stinnette, recently appointed Town of Appomattox policeman, has submitted his resignation, to be effective July 8. Mr. Stinnette had recently completed a special study school in police work, supervised by State Police in Richmond.

No announcement was made of Mr. Stinnette's future plans, Nor has announcement been made of the town's plans for a replacement.

Holiday Being Observed Here

Appomattox is taking the Fourth of July holiday literally, and just about everything in town was closed for the day. On top of that, some 400 people were on vacation for the full week. This figure included 350 local employees of the Appomattox Garment Company, on annual vacation, and with still another vacation with pay coming in September.

Today is a legal holiday, so all banks and government offices are closed. Stores traditionally take the Fourth as a holiday, so business activity is at a standstill.

Holliday Lake is likely to be crowded ail day. As many as 500 cars have been at the lake on recent week-ends, but that figure will be surpassed today.

One group not on vacation was the State Police personnel, so be alert on the highways!

JULY 4TH ACCIDENTS

Richmond, July 3.- Explaining that it was impossible to predict with any accuracy the number of Fourth of July traffic fatalities that will occur in a relatively small area, Col. C. W. Woodson, Jr., Superintendent of State Police and Chairman of the Governor's Highway Safety Committee, noted that the single day holiday last year saw six deaths in Virginia, and nine in 1951. During the intervening years, the holiday has fallen on a weekend with even worse results.

"There isn't much to say that hasn't been said," he continued. "People know quite well that they are taking deadly chances when they speed, pass improperly, grab right of way or drive while exhausted, sleepy or drinking but they go right ahead and do it. Sometimes they kill only themselves, but too often they kill innocent people."

The police official stated that all available troopers would be on the highways over the holiday but asked for voluntary compliance with traffic laws and for the use of courtesy and caution by drivers. "We don't want to see people arrested," he said, "any more than we want to see them hurt."

He further stated that past experience has shown most fatal holiday crashes involved only one automobile with speed and drinking big factors. "This," he said, "points strongly to gross driver error or indifference."

Colonel Woodson also had a word for pedestrians as the numbers of those killed attempting to cross rural highways this year is unusually high. "The highways will be abnormally crowded and anyone crossing should allow a big extra margin of safety. A pedestrian's chance of survival in rural areas when struck by a car are about one in six as against one in 25 for urban areas," he concluded.

County 4-H Club Girl Win State Award in 4-H Contest

Winifred Lee, 16, daughter of Mr. and Mrs. Tilden Lee, of Appomattox, was awarded a blue ribbon in the State Canning Demonstration at the State Short Course at Blacksburg last week. She has been in 4-H Club work for 6 years, completed 20 projects, and has taken the canning project for 4 years. Canning has been one of her principal projects throughout her 4-H work.

For the past 3 years, she has made 210 exhibits on canning and other projects in the Lynchburg Farm Show, Five County Fair and the Atlantic Rural Exposition.

As a part of her awards, she has won 79 ribbons, consisting of 20 blues, 27 reds, 23 whites and 9 pink. These amounted to $106.50, including her other awards.

She has attended State Short Course for 3 years, and for the past two years has been awarded a trip to the Short Course on her awards in the District Contest, including awards of second place, and this year first place. Last year at the Short Course she won second place.

In 1955 she was county winner in electricity, and awarded a trip to the Electric Congress in Richmond.

Being a member of the Hebron 4-H Club, County Council, and County Honor Club, she has held offices in all of these, such as vice-president, secretary, reporter and song leader. She also takes a great interest in her church, where she holds many important positions.

Her greatest ambition in the 4-H program is to become a member of the Virginia All Star Chapter.

A statewide Democratic Primary election will be held next Tuesday, July 9, to nominate candidates for Governor, Lieutenant Governor and Attorney General of Virginia.

With over 2,600 voters eligible in Appomattox County, party leaders have been seeking to interest citizens to go to the polls and give a good showing.

The incumbent Attorney General, J. Lindsay Almond, is a candidate for the party nomination for Governor, and is being opposed by Howard Carwile, Richmond attorney. This is the only contest on the ticket. Local leaders are strongly for Almond, and are bidding for a sizeable majority for him.

The incumbent Lieutenant Governor, A. E. S. Stephens is an unopposed candidate for re-nomination.

On the printed ballots, the name of Howard Gilmer, Jr. appears as the only candidate for Attorney General. However, Mr. Gilmer has withdrawn his candidacy, and the Democratic State Central Committee will meet in Richmond Friday to name the party's nominee for this office.

The Democratic nominees will be pitted against the Republican convention choices in the November general election.

Preliminary Vote Shows Producers Approve 1958 Marketing Quotas

Preliminary returns from the referendum held on June 20 in the 36-state commercial wheat - producing area show that 83.3 per cent of the farmers voting favor marketing quotas on 1958-crop wheat, the U. S. Department of Agriculture has announced.

Incomplete returns show a total vote of 172,549. Of these, 143,697 (83.3 per cent) favored marketing quotas on 1958-crop wheat, and 28,852 (16.7 per cent) were opposed.

In Virginia the vote was somewhat light but decidedly in favor of quotas, according to W. T. Powers, State Administrative Officer. Reports from 96 counties show 968 (92.3 per cent) voters favored quotas while 81 (7.7 per cent) were opposed. It is estimated that 4,200 Virginia wheat farmers were eligible to vote in the referendum.

Although this tabluation is not final because complete returns from a number of States have been delayed, the final count is not expected to change the result.

Because wheat marketing quotas proclaimed by Secretary of Agriculture Ezra Taft Benson last April 19 are effective on approval by two-thirds or more of farmers voting in the referendum, marketing quotas will be in effect for the 1958 crop.

The referendum marked the seventh time farmers have voted on marketing quotas for wheat.

They approved quotas for the 1941 crop by an 81 per cent favorable vote, the 1942 crop by 82.4 per cent, the 1964 crop by 97.2 per cent, the 1965 crop by 73.3 per cent, the 1956 crop by 77.3 per cent, and the 1957 crop by 87.4 per cent.

Tobacco Sucker Control Demonstrations Listed

Four demonstrations using MH-30 to control suckers on tobacco, have been scheduled for Appomattox County on Thursday, July 11. Appomattox tobacco growers are invited to attend the demonstration scheduled in the nearest neighborhood. Extension personnel as well as representatives of the companies manufacturing MH-30, will be prtsent for the demonstration.

The schedule is as follow: Roland Smith, Route 4, 9:30 A. M.; Winston Martin, Route 2, Concord, 10:45 A. M.; Elliott Marshall, Spout Spring, 2:30 P. M.; and George Schrieve, Route 1, Appomattox, 3:45 P. M.

Tour of Middleburg Station

A tour of the Middleburg Pasture Research Station, at Middleburg has been planned for Wednesday, July 10. All interested farmers who would like to make this tour are asked to meet at the county agent's office at 6:30 A. M. on the 10th.

Subscription rate: $2.00 a year; payable in advance.

Dial 2811 with Personals.

OFFICE TO BE CLOSED

In order to allow a brief vacation for its staff, the office of The Times-Virginian will be closed Friday and Saturday of this week.
